-PHILIPPICS -We fear that Wendell Phillippis made a hard hit at the Government, in its contrast between its barbarie boldness in stopping up a harbor in which the commerce of the world is interested, and its fear to touch the slave of a rebel. -The Cincinnati Gazette of yesterday, says Governor Dennison received dispatches from Washington, on Friday night, informing him there was a pressing necessity for troops in Western Virginia. General McClellan was advised that fourteen regiments of infantry and five batteries of artillery, with two regiments of cavalry, could be thrown into Virginia by Tuesday night; ceived marching orders, would be out of the State by last night. On Saturday dispatches were re-ceived, countermanding the orders of Friday night. The soldiers, however, have instructiones to hold themselves in readiness to march.

-We had the pleasure of meeting Capt. Will C. Moreau, of the Indiana cavalry, in the city yesterday. Capt. Moreau informed us that his health had suffered severely in the service and that he was on his way to Louisville to tender his resignation in thorough disgust, not only at his own condition as a brave volunteer, but at the inactivity which, under Gen. Buell, prevades our grand army in Kentucky.

They must family should have and keep this book. It is have a substitute. I see the following is recommended: Get some good rye; 1st, scald it; 2d, dry it; 3d. brown it, and then mix it with one third coffee, and a good beverage is made at once, which will susperede the necessity of purchasing the imported article at the present enormous prices. Now, as it is quite an art to burn coffee well, will not some of our experienced housewives, who learned economy in the earlier days of the West, prepare some for this market? In other parts of the State it is advertised by grocers for sale. Our Indiana housewives of the olden time are hopest, and won't put beans in it, as our army speculators did in the coffee sold for ECONOMY AND FREE TRADE. the soldiers.

Daily and Weekly

"Here let the press the people's rights maintain, Unawed by influence and unbought by gain." THE DAILY AND WEEKLY STATE SENTINEL Are the recog nized organs of the Democracy of Indiana. As it bas in the past, the Sexuser, will continue to advocate those ples and measures which are best calculated to advance the happiness, the prosperity and the freedom of the people from all unjust and unnecessary restraints. While cheerfully sustaining the Government as loyal citizens should, the SENTINEL will vigilantly watch all en-croachments upon popular rights and the true principles of constitutional liberty. The freedom of speech and the freedom of the press are necessary to preserve and secure free institutions. When these are struck down, no matter what may be the apology therefor, from that day dates the decline of American liberty. In order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare and secure the blessings of liberty to our-selves and posterity, the SENTINEL will fearlessly scratinize and approve or condemn, as it believes the good requires, all measures of the State and National Administrations. It will ever keep in view the distinction between supporting the Government and the venal acts of those who represent the Government. And we appeal for the support of all who desire to maintain a pure Constirutional Government, and continue for ourselves and our pos terity the glorious heritage of free institutions, won by the

valor and framed by the wisdom and integrity of the men who pledged their lives, their fortunes and their sacred honors for liberty and independence.

For the purpose of extending the circulation of the Daily and Weekly INDIANA STATE SENTINEL, its proprietors solicit every Democrat, every friend of sound and conservative National principles to aid them in that object. It is needless to urge the importance of the press as an agency in sustaining a party organization and securing the success of its Principles, and Representative Men. The Sentine will take for its political guide the National and State Democratic Platforms and earnestly advocate the

principles and policy they meintain.

The SENTINEL will, also, be a general newspaper. It will contain the latest TRIKGRAPH NEWS from all parts of the world; a full and correct report of the Eastern Carrie MARKETS and the GENERAL MARKETS of all the principal cities of the Union; Foreign and Domestic Intelligence; Congressional Proceedings; full Reports of the Legisla-tive Proceedings of our own State; Interesting Tales, Literary and Religious Miscellany; Inventions and Discoveries; Decisions in the Supreme Court of the State and the Federal, Circuit and District Courts, with notices of their arguments and proceedings; the local news of the various counties of the State, which will be of general interest; the Commercial and Financial Intelligence; articles upor Agriculture and Science; editorial reviews and comments upon the current topics of the day, and full reports of the progress of the Civil Was from our own correspondents

and other sources.
